

Practice Ground Usage

Practice Ground allocations

The grounds or areas and times for practices are allocated by the rugby committees and confirmed by the Club administration. **No team is permitted to practice on any area allocated to another team except with the approval of the team officially allocated the practice ground or area. It is the responsibility of the coach to ensure that lights are turned off at the conclusion of the practice.**

Closure of playing fields or practice areas

Where a playing field or practice area has been closed due to wet weather or for other reasons, the use of the area for game play or for practices is prohibited.

Bell Park Embankment Operation

There are training floodlights over Bell Park and behind the embankment adjacent to Bell Park. These floodlights are only to be used between the hours of 5.15pm and 8:30pm as per the conditions of the relative Resource Consent.

The lights are operated through the Clubs office personnel. Each side (Bell Park or behind the embankment) of each lighting tower can be operated independently.

Only teams allocated to train in these areas should use these lights. The lights are operated by electric timers
