## **BALLS OVER THE FENCE INTO THE TOTAL SPAN PROPERTY – FIELD 2 FRED TAYLOR PARK:**

Coaches, Managers, Club members - **Please be aware of the following:**

If your team or opposition put a ball over the high fence behind the goal on the city side of field 2 into the property of our neighbours TOTAL SPAN

- **The ball must be left and NO Club member is to try and gain entry for the purpose of retrieving the ball**

The Total Span property has installed alarmed fencing and CCTV cameras to deter entry due to the security requirements the new storage facilities has implemented on the adjacent property

**PLEASE NOTE:** If the alarms are tripped, a security activation occurs, resulting in a call out by a security company. If this proves to be caused by a club person or other football person then the call out cost will be on charged to the club, whom in turn will look to recover the cost from the individuals concerned

### **PROPERTY RECOVERY:**

The club has entered into an amicable arrangement with the property owner, in that all balls will be returned to the Club on a weekly basis

### **BALL RECOVERY:**

The process to recover your ball is:

- Email [waitakerecityfc@xtra.co.nz](mailto:waitakerecityfc@xtra.co.nz) stating the type of ball, your team name and a contact number
- The club will contact you to facilitate the return of the ball

Please do not hassle club officials on game day as they have no access for recovery

Do not approach the Total Span office directly

If your opposition team are the unfortunate ones, please advise them of the above procedure.

Thank you for your co-operation in this matter.
