

Harbourside Netball Centre

'Promoting Positive Pathways'

No Exceptions Netball 2017

Ten years ago the 'No Exceptions' netball programme was implemented. This is a wonderful programme that caters to the needs of special people less able than mainstream netballers. The "No Exceptions" netball programme helps to build self-esteem, enhance their skill development and offers the opportunity to make new friends.

The 'No Exceptions' netball programme will run alongside the Secondary School Netball Competition on a Saturday afternoon with the support of dedicated coaching personnel. Harbourside has created a friendly, non-threatening environment for students to participate alongside their peers developing skills and participating in Saturday sport. If there is someone you know who may benefit from this programme then please encourage them to sign up.

Commencing: Saturday 6th May 2017 and will run for approximately ten weeks

Time: 1:00pm

Venue: Harbourside Netball Centre

Individual Registration 2017
