## **What will I learn and how will I learn?**

Level 1 Physical Education Recreation is purely based on physical performance across each term, and on-going throughout the year. Students for this course will have two main requirements:

1. To be changed in physical education gear for every lesson.
2. To perform to the best of their ability, regardless of the activity.

Credits/standards are offered based on what we believe, the student is capable of achieving.

## **Entry Criteria**

For entry into this course, students need to have excellent participation, effort and a positive attitude in Physical Education in Years 9 and 10. It would be advantageous if they have gained Achievement Standard 90964, but not necessary. Students can gain entry upon recommendation from their Physical Education teacher or approval from Head of Learning Area.

## **Conditions of Assessment**

Based on physical performances and NZQA performance rubrics.

## **Submitting Internal Assessments**

Assessment will be submitted in relation to the students Level 1 Physical Education programme.

## **Resubmission and Further Assessment Opportunities**

Resubmissions can only be offered once and only when small errors or omissions need to be corrected in student work in a short period of time. There is no further teaching available. Further Assessment Opportunities are not available in every standard.
